

END THE ENDLESS WARS

PRIORITIZE PEACE, NOT WAR

For too long, the U.S. government has engaged in costly, unnecessary wars and interventions that have drained our economy, endangered American lives, and created instability around the world. The Libertarian Party believes in a foreign policy based on peace, free trade, and diplomacy, not aggression, regime change, or endless military occupations.

- ✓ *The US has more than 750 military bases in 80+ countries, costing taxpayers billions every year.*
- ✓ *Trillions spent on war in Iraq and Afghanistan led to more conflict, not peace or stability.*
- ✓ *The Military Industrial Complex drives foreign policy decisions rather than national security interests.*

THE **LIBERTARIAN** SOLUTION

Instead of destabilizing regions and creating new enemies, we must respect national sovereignty and let other nations determine their own futures. Libertarians believe that taxpayers should not be forced to subsidize foreign conflicts or fund warlords, corrupt politicians, and military regimes by sending billions of taxpayer dollars to corrupt governments.

- ✓ The US has been at war for over 20 years with no clear objective
- ✓ Congress hasn't declared war since World War 2
- ✓ Foreign aid oftentimes funds oppressive regimes and instability

The Libertarian Party believes in a strong national defense, not global empire-building. By ending unnecessary military deployments and closing bases overseas, we can reduce wasteful spending, protect American troops, and ensure that our military is focused on defending America—not engaging in endless wars.
