

FREE MARKET ECONOMY

A FREE MARKET, A THRIVING ECONOMY

The American economy is struggling under the weight of high taxes, inflation, reckless government spending, and endless regulations that stifle innovation and opportunity. The Libertarian Party believes in free markets, fiscal responsibility, and individual prosperity—not government control of the economy.

- ✓ *Inflation has caused Americans to pay nearly \$11,400 more per year due to rising prices.*
- ✓ *Government debt is over \$34 trillion, burdening future generations with unsustainable spending.*
- ✓ *Small businesses create 2 out of every 3 new jobs, yet government regulations and taxes make it harder for them to succeed.*

THE **LIBERTARIAN** SOLUTION

The Federal Reserve's reckless money printing fuels inflation, making everything from groceries to housing more expensive. The Libertarian Party supports sound money policies, competition in currency, and an end to the government's ability to artificially manipulate the economy at the expense of hardworking Americans.

- ✓ **End Inflation and Federal Reserve Manipulation**
- ✓ **Eliminate Taxes, Keep More of Your Hard Earned Money**
- ✓ **Deregulate to Create Jobs and Innovation**

Libertarians believe eliminating income taxes, cutting corporate taxes to encourage growth, and eliminating hidden taxes that drive up costs for everyone, along with removing unnecessary regulations, allowing businesses to compete freely, and eliminating barriers to entry, will **unleash economic potential and expand prosperity for all.**
